GROWING SEASON

A dry winter started the season with less than half the region's average rainfall leading to a mild spring and early season bud break. Summer began with relatively moderate temperatures resulting in exceptional phenolic development, allowing fruit to ripen and mature slowly on the vine. Consecutive heat spells coupled with a rare mid-August lightning storm accelerated the start of harvest two weeks earlier than average. All fruit was hand-harvested within seven weeks, and although challenging on many fronts, our highly skilled team persevered at every stage and excelled in their meticulous picking, sorting, and barrel selections. While some wines will not be produced as they did not meet our standards for quality, those that were are in very small quantities, ensuring the limited remaining bottlings showcase their full character with great energy, depth of flavor, and focus.

HARVEST

- Hand-harvested at night, shears only
- Harvest dates: September 9-15

TASTING NOTES

Located on a coastal ridge just five miles from the Pacific Ocean, the remote site yields a bright, vibrant ruby wine with fragrant aromas of red tart cherry, strawberry, and floral. Expressive on the palate, this vintage exudes red tea, spice, red clay, and sea salt, and exhibits creamy yet good tension framed by fine-grained tannins and an elegant finish.
